

Removal of a Third-Generation Mobile-Bearing Total Ankle Arthroplasty Implant

Cody Ashy, Trevor Ottofaro¹, Solangel Rodriguez Materon, Daniel J Scott¹, Christopher Edward Gross¹

¹Medical University of South Carolina

This video reviews a clinical case of a painful total ankle arthroplasty implant and demonstrates a technique for removal of a third-generation mobile-bearing total ankle arthroplasty implant. In addition, the video highlights our preferred workup for painful total ankle implants, reviews case-specific imaging studies, and lists indications for revision of a total ankle arthroplasty implant.
